

ISTE STUDENT CHAPTER

Industrial Visit to Sikka Thermal Power Plant

Faculties accompanied : Prof. Rajan Chauhan

Date: 31/10/2018

Branch: Mechanical Engineering

Semester: 5th and 3rd

No. of Participants: 38

Summary of the Industrial Visit:

At Mechanical department, School of Diploma Studies, RK University has organized an Industrial Visit to Sikka Thermal Power Plant. This visit was mainly intended to enhance the knowledge of the students about the Thermal Engineering and its various concepts. Students were able to see various elements of the thermal power plant and the way they operates. It helped them to have a more practical understanding of the concepts which they have studied in the subject of Thermal Engineering. Also they came to know about the various safety measures which the industry is adopting for their employees. The knowledge which they gained will help them while they are going to join any of the company related to Thermal Engineering.
